- Douala, Cameroon
- LinkedIn

PROFILE

Full-Stack Developer with 4+ years of experience, specialised in React, React Native, Node.js and TypeScript. I design business apps, SaaS platforms and AI integrations end-to-end: from a multi-module hotel ERP to a restaurant SaaS with an AI copilot (Cohere Command R+, native Tool Use), and a mobile app that won recognition at the Orange Innovation Challenge Cameroon. Docker architectures, RBAC, secure transactions, real-time WebSockets. Autonomous, rigorous and results-driven.

PROFESSIONAL EXPERIENCE

IT Consultant Intern

June — August 2026

SIMS BTP Holdings — Douala, Cameroon

- Internal process automation and business app development to replace manual workflows
- IT strategy consulting and creation of the company's institutional website

Freelance Full-Stack Developer

2022 — 2026

Independent — Douala, Cameroon

- GLOBEApp:** Multi-module business ERP (hotel, restaurant, POS, accounting). Docker architecture, RBAC, secure transactions
- Gourmi IQ:** Multi-tenant restaurant SaaS with AI copilot (Cohere Command R+), Two-Pass pipeline, native Tool Use and real-time orders
- VitaSang:** Blood donation coordination mobile app — OIC Finalist at Orange Innovation Challenge Cameroon. Push notifications, BullMQ queues
- SafeDriving / TechFlow:** Electron desktop apps for business management (multi-site driving school, IT repair shop)

Full-Stack Developer — SparkNest

2025

Digital solutions collective — Douala

- Co-founded a digital solutions collective; technical leadership and delivery of custom web, mobile and desktop applications for Cameroonian SMBs
- End-to-end TypeScript architecture, authentication, user management and real-time collaboration
